Company Profile:

ISO 9001:2015 Certified

Cage Code: 5X318

Year Established: 1972

DUNS Number: 062670229

Employees: 23

Federal ID #: 56-1092145

GSA: GS-07F-0113W 11/24/09-11/23/14

Business Size: Small, Veteran Owned

Annual Revenues: \$8,000,000-\$9,000,000

NAICS: 334513/334519/339113/423830/423840

Daughtridge Sales has been in operation since 1972 as an industrial master distributor of pressure and temperature instrumentation products and services. The company was started by E.L. Daughtridge out of the back of his car and has evolved into one of the most respected industrial master distributors in the country. Daughtridge Sales' primary product focus is gauges and industrial thermometers but has and is constantly expanding the product line to meet the needs of the customer base. The product line is dynamic and the inventory expansive. The company maintains an inventory of approximately \$2.3 million. With this massive and diverse inventory Daughtridge can ship orders for in-stock items *same day*. In addition to pressure gauges and thermometers the company sells pressure switches, transducers, transmitters, temperature switches, transducers, transmitters, thermocouples, pressure snubbers, thermowells, test plugs, ball and needle valves, capillaries, diaphragm seals, calibration equipment as well as custom pressure gauge dials and calibration services. Daughtridge Sales product line represents the most well respected manufacturers in the industry worldwide.

Daughtridge Sales operates out of Rocky Mount, NC. The company maintains an extremely knowledgeable and experienced sales team. The sales team has an average experience level of over sixteen years in the industry and with the company. Orders are taken via phone, fax and email currently with plans to expand into e-commerce in the near future. With the company's vast inventory orders can be shipped

“same day” on in-stock items or to accommodate most customers’ requests. Daughtridge provides calibration services onsite as well. The company can provide Calibration Certificates traceable to NIST (National Institute of Standards and Technology).

Given the vast array and expansive amount of inventory Daughtridge Sales maintains they hold a distinct advantage over most competitors in the industry. Not only can most requests be filled with in-stock inventory they can also be shipped immediately. On special or customized requests shipping will be commensurate with completion of the order. **WHAT YOU NEED, WE’VE GOT NOW!**

Products & Services:

- *Pressure Gauges* (industrial, commercial, differential, switches, vacuum...)
- *Temperature Instrumentation* (bimetal, digital, & industrial thermometers, thermowells, etc.)
- *Test Equipment* (analog/digital test gauges, calibration equipment, comparators...)
- *Accessories* (snubbers, thermowells, capillaries, diaphragm seals, ball valves...)
- *Calibration & Accessory Services* (gauge calibration, liquid filling, custom capillaries, custom gauge dials, diaphragm seal assemblies...)

****Daughtridge Sales maintains a product inventory of over \$2.3 including over 475,000 units
*Our vast inventory allows us the capability of same day shipping on in-stock items***

Daughtridge Sales provides pressure and temperature instrumentation for the military and other Federal Government clients. We work with government contracting entities and agencies via their contracting officers and procurement specialists on a local, state and federal level. Our approach is simple; provide the best solution for each customer while providing the most effective and efficient product and cost.

Daughtridge Sales Products & Services:

Pressure

Pressure Gauges
Differential Pressure Gauges
Digital Pressure Gauge
Panel Mount Gauges
Low Pressure Gauges
Process Gauges
Stainless Steel Case Gauges
Test Gauges
Industrial Pressure Gauges
Commercial Pressure Gauges
Sanitary Pressure Gauges
Special Application Gauges
Utility Pressure Gauges
Pressure Switches
Pressure Transmitters
Pressure Transducers
Differential Pressure Switches
Agricultural Ammonia Pressure Gauges
Bellows Gauges
Duplex Gauges
Refrigeration Pressure Gauges
Air Compressor Gauges
Hydraulic Pressure Gauges
Differential Gauges
Vacuum Gauges
Air Pressure Gauges
Low Pressure Switches
Digital Pressure Indicators

Test Equipment

Calibration Equipment
Dead Weight Testers
Analog Test Gauges
Digital Test Gauges
Digital Pressure Indicators
Handheld Calibrators
Pressure Instrument Comparators
Pressure Calibration Equipment
Test Gauge

Temperature

Bimetal Thermometers
Digital Thermometers
Industrial Thermometers
Temperature Switches
Temperature Transmitters
Temperature Transducers
Thermocouples, RTD's
Boiler Gauges (Tridicators)
Remote Reading Thermometers
Pocket Thermometers
Glass Thermometers
Digital Temperature Indicators

Accessories

Gauge Cocks
Pigtail Siphons
Pressure Snubbers
Thermowells
Pressure Test Plugs
Temperature Test Plugs
Ball Valves
Needle Valves
Capillaries
Diaphragm Seals
Pulsation Dampeners

Services

Pressure Gauge Liquid Filling
Diaphragm Seal Assembly
Pressure Gauge Calibration
Stainless Steel Tags
Custom Pressure Gauge Dials
Custom Capillaries

Daughtridge Sales and WIKAI have a long-term mutually respectful relationship reaching back to WIKAI's entrance into the US domestic market. Daughtridge Sales has become one of the premier distributors of WIKAI pressure and temperature instrumentation in the country. WIKAI is the epitome of state-of-the-art production while also engineering some of the most reviled customized products in the industry.
