Products & Services:

- **Pressure Gauges** (industrial, commercial, differential, switches, vacuum...)
- **Temperature Instrumentation** (bimetal, digital, & industrial thermometers, thermowells, transducers...)
- **Test Equipment** (analog/digital test gauges, calibration equipment, comparators...)
- **Accessories** (snubbers, thermowells, capillaries, diaphragm seals, ball valves...)
- **Calibration & Services** (gauge calibration, liquid filling, custom capillaries, custom gauge dials, diaphragm seal assemblies...)

**Daughtridge Sales maintains a \$2.3 million product inventory that includes over 475,000 units.*

**Our vast inventory allows us the capability of same day shipping on in-stock items*

Daughtridge Sales is a distributor of pressure and temperature instrumentation for military and civilian agencies. We work with government contracting entities and agencies via their contracting officers and procurement specialists on a federal, state, or local level. Our approach is simple: provide the best solution for each customer while providing the most effective and efficient product and cost.

Past Performance: Daughtridge Sales has been awarded over 870 contracts from government agencies including the DOD, the Departments of Navy, Army, Coast Guard, Home Land Security, Agriculture, Air Force, Army Corp of Engineers, as well as many smaller entities totaling over \$1,000,000.
